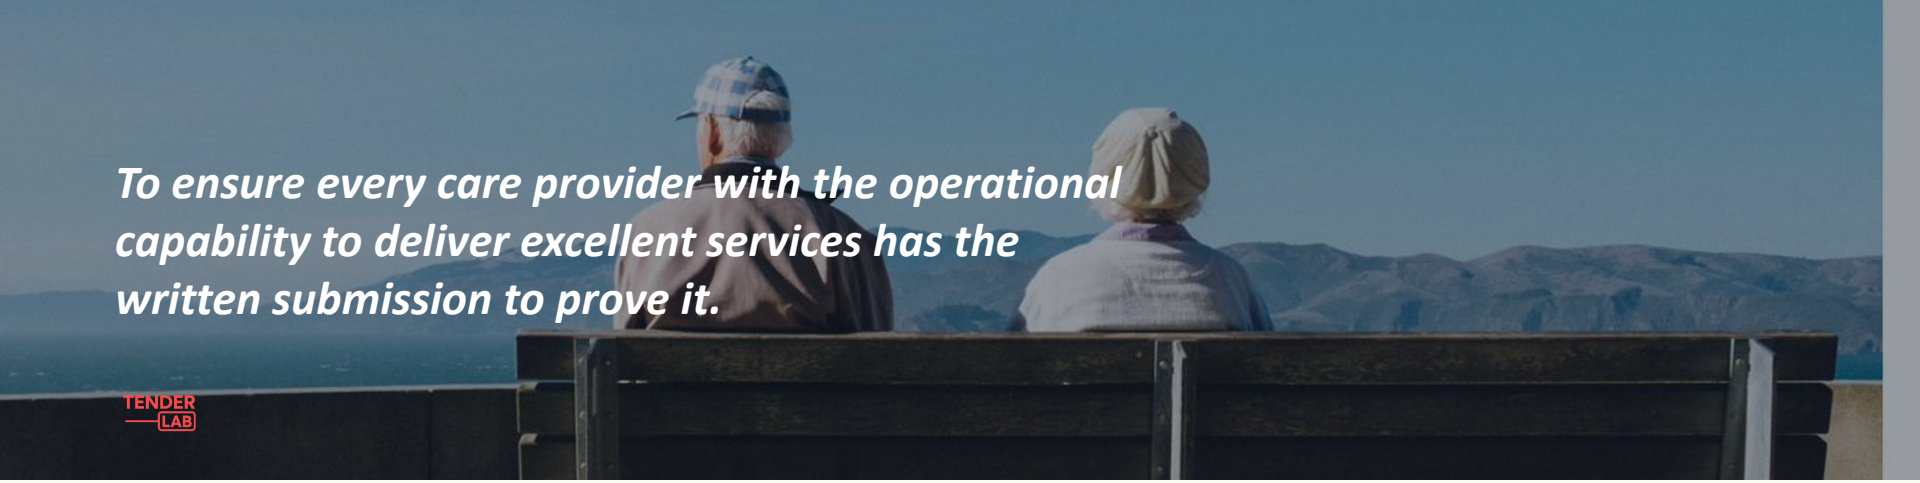
Who We Are

TenderLab is a specialist tender writing and bid consultancy operating exclusively within UK health and social care procurement.

We write, evaluate, and quality-assure tender responses for local authority, NHS, and Integrated Care Board contracts across England. This covers Invitations to Tender, framework applications, Dynamic Purchasing System submissions, and preferred provider list applications.

Hatfield, Hertfordshire | tenderlab.co.uk
01707 240393 | info@tenderlab.co.uk

Health & Social Care | Tender Specialist | England-wide



To ensure every care provider with the operational capability to deliver excellent services has the written submission to prove it.

TENDER LAB

Specificity Over Generality

Named staff, real systems, quantified outcomes. Every claim anchored to operational evidence.

Specification First

We read the specification the way evaluators read responses. Their language becomes the provider's language.

Quality Without Exception

Every response scored internally before delivery. Nothing leaves below threshold.

Sector Commitment

One sector. One focus. We do not diversify. We go deeper.

01

THE MARKET

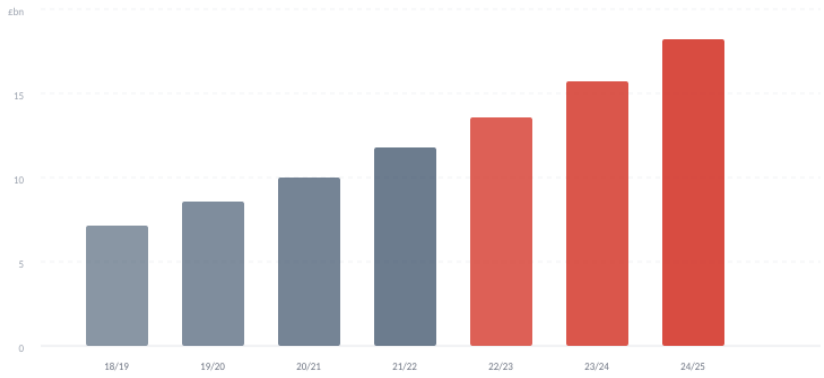
TENDER LAB

Market at a Glance

£29.4BN

Gross current expenditure on adult social care by local authorities, England 2024-25

Source: DHSC ASC Finance Report 2024-25



£6.7BN

Domiciliary care market 2026

£4.6BN

Additional funding by 2028-29

10,681

Domiciliary care providers

£30BN

Projected ASC spend 2025-26

Market Pressures

Every pressure below creates procurement activity.

£4BN+

Combined LA budget gaps 2025-26

Councils projecting savings of £1.4bn in ASC alone.

6.7%

National Living Wage increase 2025

Costs the care sector approximately £1.2bn.

7.39M

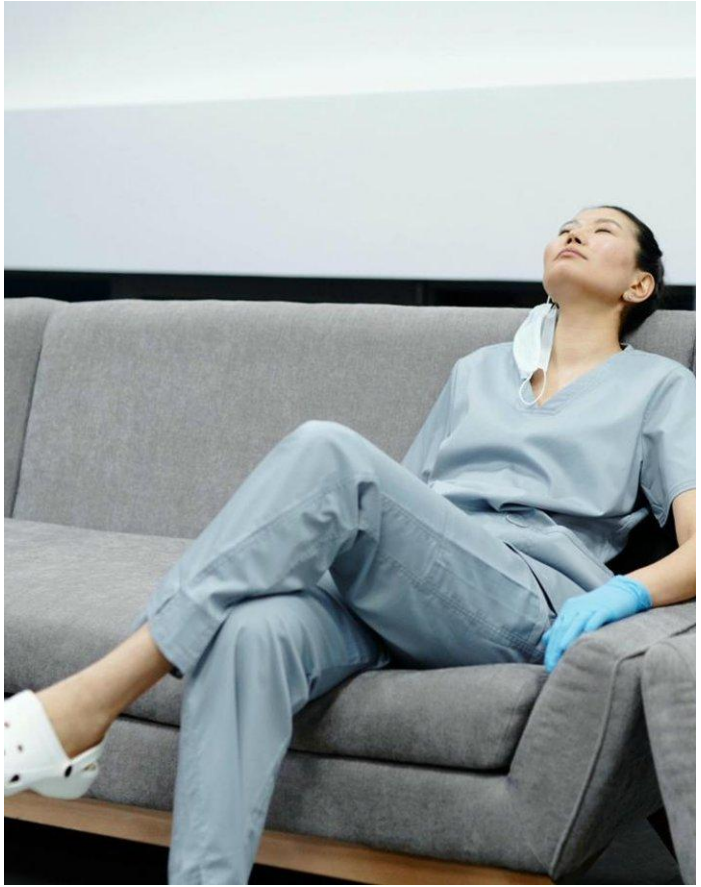
NHS pathways awaiting treatment

Only 59.7% treated within 18-week target.

47%

ASC spending increase since 2015 (cash terms)

Buys 9% fewer care hours due to inflation.



Market Opportunity

Government is consolidating ASC funding through Fair Funding Allocation from 2026-27. This restructuring triggers new commissioning cycles across every local authority in England.

CQC refreshed local authority assessments roll out in 2026-27. Greater transparency means providers need stronger evidence in submissions to demonstrate alignment.

The domiciliary care market alone is worth £6.7bn with 10,681 providers competing. The difference between winning and losing is the quality of the written submission.

02

WHO WE SERVE

TENDER LAB

Our Clients

CQC-Regulated Adult Care Providers

Domiciliary care, residential, nursing, supported living, reablement, and specialist services.

Ofsted-Registered Children's Services

Children's residential homes, supported accommodation for young people, fostering agencies.

NHS ICB Framework Applicants

Continuing healthcare, community services, preferred provider list applications.

Supported Living & Housing Providers

Learning disability, mental health, autism, physical disability, semi-independent services.

Client Sectors

Domiciliary Care

Home care, reablement, live-in care, complex care at home.

Residential & Nursing

Care homes, nursing homes, specialist dementia units.

Supported Living

Learning disability, mental health, autism, physical disability.

Children's Services

Residential children's homes, supported accommodation 16-25.

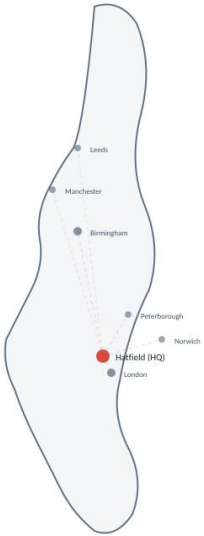
Specialist Services

Continuing healthcare, neurological, end of life, palliative.

Frameworks & DPS

Multi-provider frameworks, DPS, preferred provider lists.

Where We Operate



Based in Hatfield, Hertfordshire. We work across every local authority and Integrated Care Board commissioning structure in England. Our client base spans Birmingham, London, Norfolk, West Sussex, Worcestershire, Buckinghamshire, Peterborough, and beyond.

03

WHAT WE DELIVER

TENDER LAB

Our Services

Specification Analysis & Briefing

Full ITT analysis. Branded briefing within 24 hours.

Tender Response Writing

20-criterion framework. Iterative rewrite to 4+ threshold.

Quality Evaluation & Assurance

Independent scoring. Gap analysis. Tracked-change rewrites.

Pricing & Financial Modelling

NLW-verified, market-benchmarked.

Specification Analysis & Briefing

Every engagement starts here

- Full ITT document analysis within 24 hours
- Extraction of statutory context, cohort profiles, and KPI frameworks
- Eligibility assessment against published criteria
- Evaluation weighting and scoring methodology identified
- Client briefing report
- Bid/no-bid recommendation with rationale

Tender Response Writing

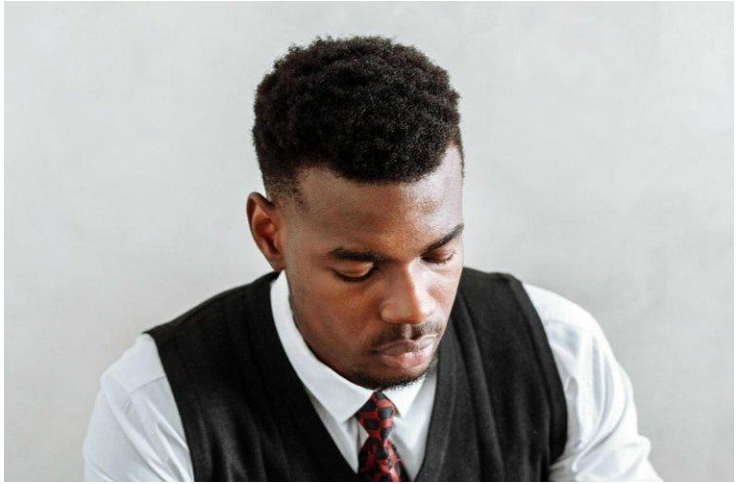
The core of what we do

- Responses written against criterion evaluation framework
- Specification language embedded directly into provider approaches
- Named staff, real systems, quantified outcomes throughout
- Internal scoring across five weighted domains before delivery
- Iterative rewriting until all criteria meet 4/5 threshold
- Cross-referenced against commissioning body's published criteria

Quality Evaluation & Assurance

Independent assessment of existing submissions

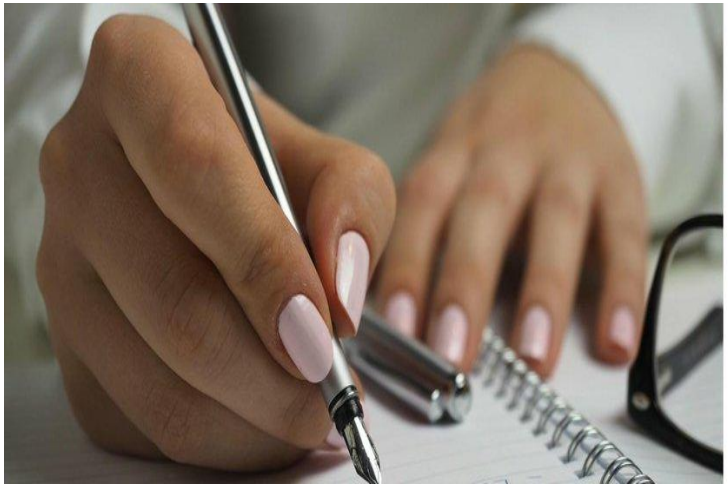
- Scoring against five weighted domains with written commentary
- Gap analysis identifying missing specification requirements
- Tracked-change rewrite recommendations with improvement rationale
- Before-and-after score comparison across all criteria
- Specification compliance verification against original ITT
- Delivered as branded evaluation report with appendices



Pricing & Financial Modelling

Every figure verified before submission

- National Living Wage compliance verification for all hourly rates
- Market rate benchmarking against published local authority data
- Cost breakdown reconciliation between Section A and Section B
- Python-verified arithmetic across all schedule totals
- Sensitivity analysis for rate variations and volume changes
- Formatted to match the commissioning body's required template



Why Providers Choose Us

01 **We only work in health and social care**

CQC, Ofsted, ICB, Care Act 2014, MCA 2005, TUPE 2006.

02 **We read specifications like evaluators**

Exact language, statutory context, and scoring methodology extracted first.

03 **Everything is scored before delivery**

20 criteria. Five weighted domains. 4/5 minimum threshold.

04 **We write with operational specificity**

Named staff. Real systems. Quantified outcomes.

05 **We verify every number**

NLW-checked, market-benchmarked.

06 **We deliver within structured timelines**

Briefing report within 24 hours. Full response within programme.

H2 / 16pt / Bold / Midnight Ink

Sub-subsection

H3 / 13pt / Bold / Slate

Body text reads like this.

Body / 11pt / Regular

Caption and metadata

Caption / 10pt / Light

DIGITAL

Inter (Google Fonts)

Identical x-height to Calibri. Open apertures.
Fallback: Inter, -apple-system, Segoe UI, sans-serif.

RULES

- Line height 1.5x minimum
- Max 75 characters per line
- All-caps for section labels and logo only
- Bold sparingly; no italic for emphasis
- Paragraph spacing: 6pt after body

Tone of Voice

DIRECT

State what we do, how, and what it produces.

TECHNICAL

Sector terminology used accurately.

EVIDENCE-LED

Every claim substantiated with specifics.

ECONOMICAL

Fewest words at required precision.

WE WRITE

"We scored this response 3.2/5."
"The specification requires TUPE compliance."
"This response does not evidence named staff."

WE DO NOT WRITE

"We feel this is a strong response."
"You may want to consider TUPE."
"This could be improved."

Visual Identity

Photography

Real care sector images. Desaturated to 40% with Heritage Red duotone for brand consistency where needed.

The Horizontal Rule

From the logo. 2pt for section dividers, 1pt for heading emphasis. Always Heritage Red.

The Container

From the LAB element. For callouts and key statistics. Tightened radius. Max two per page.

Iconography

24px grid, 1.5px stroke, rounded caps. Heritage Red or Midnight Ink only. Functional, not decorative.

Templates

Briefing (2pp landscape). Evaluation report. Invoice. Proposal. Deck (16:9). All version-controlled.

Prohibited

No animations, gradients, drop shadows, glows. No unapproved fonts. No co-branding. No white box behind logo.

05

MARKETING & DIGITAL

TENDER LAB

Content Strategy

LinkedIn, Facebook, Blog. Google My Business. Three content categories.

SECTOR ANALYSIS

Commissioning trends. Regulatory changes. Procurement insights. Specification patterns. Funding announcements.

PERFORMANCE DATA

Anonymised win rates. Scoring improvements. Evaluator feedback patterns. Before-and-after scores.

OPERATIONAL COMMENTARY

Common scoring failures. What evaluators look for. Pricing errors. Tender red flags.

EXCLUDED: motivational content, team celebrations, win announcements, industry-leading, best-in-class, passionate, synergy, game-changer

Digital Presence

WEBSITE: tenderlab.co.uk

Credibility platform. Every page answers: what does this organisation know that generalist competitors do not.

- Proposition in under 20 words above the fold
- Five primary navigation items maximum
- Page load under 2 seconds on 4G
- No animations, carousels, pop-ups, chat widgets

EMAIL SIGNATURE

Name (Bold 11pt). Role (Light 10pt). Heritage Red rule. Logo at 80px. No taglines.

LinkedIn, Facebook, Blog. Google My Business

Only social platforms. Brand palette on all assets. Sector analysis, performance data, operational commentary.

TEMPLATES

Briefing (2pp landscape). Evaluation report. Invoice. Proposal. Deck (16:9). All version-controlled.

06

COMPETITIVE POSITION

TENDER LAB

Competitive Landscap

Competitor	Focus	Gap vs TenderLab
BFT Consult	H&SC, est. 2014	No structured scoring
Executive Compass	Multi-sector	Breadth dilutes depth
Insequa	Social care, 13+ yrs	Closest; higher volume
DKJ Support	Healthcare bids	NHS-weighted; less LA
AssuredBID	H&SC, 5+ yrs	No evaluation framework
Tsaks	Multi-sector	H&SC one vertical
HC Tendering	H&SC bids	Portal product alongside
Your Tender Team	H&SC	No methodology gap
Care Agency Media	H&SC + marketing	Marketing-first

Our Position

Top-right quadrant: highest sector specialisation combined with highest methodology rigour. No identified competitor operates a published, replicable evaluation framework with a defined pass threshold. Insequa is closest in focus but operates at higher volume with less visible quality assurance.

Competitive Differentiation

Dimension	Generalist Bid Writer	TenderLab
Sector knowledge	Cross-sector; surface-level	Exclusive H&SC; CQC, Ofsted, ICB fluency
Specification analysis	Reads questions at face value	Extracts statutory context, KPIs, cohort profiles
Response evidence	Generic statements	Named staff, real systems, quantified outcomes
Quality assurance	Proofreading	20-criterion scoring; iterative rewrite to 4+
Pricing	Figures formatted	NLW-verified, Python-reconciled models
Turnaround	Variable, undefined	Structured; briefing within 24 hours

Brand Architecture

Single-brand model. One brand, one sector, one methodology.

TENDERLAB

- Specification Analysis
- Response Writing
- Quality Evaluation
- Pricing & Modelling

Client deliverables carry the client's branding where procurement requires it. Our branding appears on advisory documents only: briefing report, evaluation report, and invoice.

No sub-brands. Services categorised but not separately branded. All assets centrally maintained and version-controlled.
